LabelMaster Dangerous Goods Symposium for
Instructors

Today's Facilitators:

Bob Richard - PHMSA

Nancy White - PHMSA

Rhonda Jessop - Labelmaster

Here we ARE – 2009!

And where ARE we exactly?

- After nearly two years – we have a **PHMSA Training Guidelines** document that has been published incorporating your input, other’s comments, and much of the results of the last two DGIS workshops
- The Guidelines were developed as an “**evergreen**” document. PHMSA is looking to receive feedback/recommendations on how to enhance its usefulness

Today's Workshop –Tactical and Strategic Planning

Two Key Focuses:

- **Focus 1:** Practical application and enhancement of the guidelines – recommendations for appendices/tools
- **Focus 2:** Outreach/Implementation strategies

Today's Workshop –Tactical and Strategic Planning

- What additional tools and resources would help companies, big and small?
- Think outside the box!! Be creative
- Use your experiences/listen to others
- Ask yourselves – will this really work?

Today's Format

- Two rooms, each room doing the same exercise with the same two focus areas
- Each room is acting as a “**team**” – competing against the other room to see who comes up with the best:
 1. Recommendations for enhancements/tools
 2. Outreach/implementation strategies. How do we spread the word?

Today's Format

- Appoint a **team “leader”** and decide how the team will tackle the assignment (one group looking at two focus areas or divide into two groups)
- On each table – copy of the guidelines document, some key questions to consider
- Flipcharts around the room to record your ideas

Today's Format

- You will have 60 minutes to discuss, debate and brainstorm
- The team will have 20 minutes to consolidate its ideas on each focus area
- On Thursday, from 3pm – 4pm, we will have a wrap-up session – each team leader will present their room's ideas – the “winner” will be determined!

GOOD LUCK

and

THANK YOU for your
participation today!
